GOV	Governmental Body	363 Euro
ACI	Academic Institutes	363 Euro
NPEO	Non-profit Environmental Organisation	363 Euro
STUD	Students	72,60 Euro

¹⁾The fee schedule for Biowaste Organisations (BIOO) is based on the current published waste statistics of the EU (EUROSTAT http://appsso.eurostat.ec.europa.eu/nui/show.do?dataset=env_wasmun&lang=en). 30 to 40 % of municipal solid waste is bio-waste. For the calculation of fees 30 % of municipal waste is taken into account (1.000 t bio-waste/a * 0,001 Euro). In some cases (like implementing of bio-waste management or separate collection in countries) the fee can be increased in 3 steps (25%, 50%, 75%) in the first years with an annual revision of the development by the Board.

Biowaste organisations are defined as organisations supporting the sustainable management of biowaste and the recycling of organic materials. This includes waste management organisations, compost/soil improver organisations and biogas/digestate organisations, as well as quality assurance organisations in the field of organic material recycling. In comparison to the membership type "Biowaste organisation" (BIOO) the membership type "Non-profit environmental organisation" (NPEO) does not work specifically in the field of biowaste or organic recycling.

²⁾The fees of Commercial Organisations (CO) are based on the amount of employees.

³⁾Agreed by ECN Annual Meeting 2015
